EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	*Computer Science & Engineering*	VelTech University	2023-Present	9.42
HSC BIEAP	*Physics, Chemistry, & Mathematics*	S V L Junior College	2021-2023	9.84
SSC	-	Z P H S Talagadadeevi	2021	9.89

WORK EXPERIENCE

- **Freelancer (LLM Trainer)** *[Turing]* *Dec 2025 -Mar 2026*
  - Created **high-quality datasets** for training and evaluating Large Language Models (LLMs) focused on desktop automation, reasoning, and instruction following.
  - Annotated desktop interactions using structured **JSON** action **schemas**, ensuring precise mapping between UI elements.
  - Followed standardized directory structures and quality guidelines to support scalable, production-**ready AI datasets.**
  - Produced detailed screen-state descriptions and logical reasoning paths to improve LLM performance in **GUI understanding and task execution.**

PROJECTS

- **Smart Mail: Intelligent Email Sorting with ML Sentiment Analysis** *Jan-Mar 2025*
  - Developed an intelligent **email classification system** using Machine Learning and NLP techniques
  - Categorized emails into Work, Social, Promotions, and Spam using models like **Naïve Bayes and SVM**
  - Implemented sentiment analysis using **VADER** to detect positive, negative, and neutral tones
  - Built a **Streamlit**-based dashboard to display categorized emails and priority scores
- **WebApplication: Efficiency in every plate-The last bite deals** *Aug- Nov 2025*
  - Recognized a gap in the current food donation infrastructure and created a cross-platform mobile application that connects restaurants with verified **non-governmental organizations and shelters** in real-time, allowing for the efficient redistribution of **surplus food**.
  - Implemented an **AI-driven matching system** that pairs surplus food donors with nearby recipients in real time.
  - Reduced food waste, **carbon emissions**, and disposal costs using a scalable system built with React Native, Node.js, and Python.

TECHNICAL SKILLS

- **Languages:** Python, C, Java
- **Tools:** VS Code, GitHub, VMware,Postman, Labelbox, Prodigy,
- **Cloud** AWS, Docker
- **Database:** MySQL, PostgreSQL
- **Soft Skills:** Critical Thinking, Problem Solving, Time Management, Communication

EXTRA-CURRICULAR ACHIEVEMENTS/ACTIVITIES

- Awarded First Place at the **National Science State-Level Competition** (2018) for outstanding performance and **innovation**
- Secured First Place in **Classical Dance Competition** held in Repalle, Andhra Pradesh (2017)
- Successfully earned the **NCC 'A' Certificate (2019)**, demonstrating discipline, leadership, and commitment as a cadet

CERTIFICATIONS

- **AWS Academy Graduate** Generative AI , Data Analytics Essentials
- **Infosys Springboard:** Full Stack Development, Computer Networking, Node.js Development

STRENGTHS

- Positive Attitude, Social Interaction, Hardworking, Bibliophilia
